# WELCOME

## Congratulations to our 2024 Award recipients

At Rowville Secondary College, we take pride in recognising the hard work and achievements of our students who have truly embodied our mission to: "Nurture strengths to grow curious and powerful learners." This year's awards celebrate those who have upheld high expectations, used their strengths, and contributed to a supportive school environment.

We are excited to have introduced Behaviour Point Averages (BPAs) this year to support a positive, nurturing, and an accountable school culture that benefits both students and educators. This initiative ensures that students feel valued not only for their academic achievements but also for their positive contributions to our learning environment. As award recipients, you have demonstrated responsibility for your actions, fostering self-discipline and accountability – key life skills that will serve you well beyond school.

You have shown respect by treating others with kindness, taken responsibility by actively participating, pursued excellence in your studies, and embraced our community values. Your commitment to both individual and collective growth is truly commendable.

I want to extend my heartfelt congratulations to each of you. Your dedication and effort have made a significant impact on our school community, and your talents and resilience have not gone unnoticed.

I would also like to acknowledge the essential support provided by our teachers, staff, and parents throughout your journey. Their encouragement has been invaluable in helping you achieve your goals.

Congratulations again to all our award recipients! We are proud of your accomplishments and eager to see how you will continue to grow and inspire those around you. We look forward to what you will achieve next!
